

1982 Honda Civic, Accord and Prelude

For 1982, our newly aerodynamically styled Accord Hatchbacks and Sedan are larger and more luxurious than ever. With a smoother, quieter ride. Yet for their increased size and interior space, their fuel efficiency has been improved.*

And this year, you'll find the sleek Honda Prelude Sport Coupe presents further proof that a sportive car's lively performance doesn't have to detract from its efficiency and commonsense advantages.

For all their style and driving enjoyment, our Accords and Prelude haven't lost any of their practical engineering refinements and standard features. Like front-wheel drive, rack and pinion steering and 4-wheel independent suspension.

Honda Accord and Prelude Accessories

We're proud of the long list of standard features that come with all Hondas. We also offer a complete range of optional Honda accessories, designed to enhance the beauty of your new car as well as your driving pleasure. Be sure to ask for genuine Honda accessories. See your dealer for specific accessory availability by model.

Honda Accord Hatchback

Our Accord Hatchback could be the new yardstick for commonsense luxury and engineering. Inside and out. With an impressive list of standard features, including a lively 1751cc engine, improved power-assisted/self-adjusting brakes and steel-belted radials. Plus a stylish new interior and a 5-speed transmission. Our 3-speed automatic is optional.

Honda Accord LX Hatchback

Creating a status symbol was the last thing we intended. Perhaps our most elegant hatchback's classic interior styling has something to do with it. Or thoughtful touches like fully vented dash air conditioning. And variable-assist power steering, digital clock and Michelin steel-belted radials. This is luxury you can afford.

Honda Accord 4-Door Sedan

This restyled Accord is likely to send everyone else back to the drawing board again. Room for five passengers, and more comfort and elegance than ever before. With greater fuel capacity and economy.* Along with new cruise control, a more spacious trunk, luxurious interior, variable-assist power steering, built-in rear seat headrests and much more.

Honda Prelude Sport Coupe

A power-operated moonroof slides back for sporty open-air driving. While a peppy 1751cc engine, with improved fuel efficiency,* adds to the pleasure of responsive road handling and performance. Our automatic transmission, with variable-assist power steering, is optional. And Honda's quality craftsmanship makes it possible to enjoy the Prelude for many moons.

†Available Only with Optional Automatic Transmission

For over a decade we've been providing simple answers for America's complex driving needs. With practical, fuel-efficient* Honda Civics. Cars that are surprisingly roomy, comfortable and fun to drive. Along with the kind of engineering refinements and standard features you've come to expect from Honda. Including a transverse-mounted engine, front-wheel drive and rack and pinion steering.

This year, you'll find our Civics are better than ever. With handsome styling and beautiful new interiors. And even higher standards of quality craftsmanship and attention to fit, finish and detail. Typical of the Honda quality that has traditionally earned our cars a remarkably high resale value.

Honda Civic Accessories

Honda Civic 1300 Hatchback

One of the lowest priced cars in America comes with an impressive list of engineering features and standard equipment. Like Honda's energetic 1335cc engine, front-wheel drive and 4-wheel independent suspension. Plus many thoughtful touches inside. If you prefer a larger engine, with a 5-speed or optional automatic transmission, and more, you'll appreciate our Civic 1500 DX Hatchback.

Honda Civic 1300 FE Hatchback

The way it sips gas, you'd think our new Fuel-Efficient Civic didn't like the taste.* All the 1300 Hatchback refinements. As well as a 5-speed overdrive transmission, steel-belted radial tires and tachometer. The FE's luxurious interior includes reclining front bucket seats, plush full carpeting and door window/rear window defrosters.

Honda Civic 1500 GL Hatchback

Our sportiest Civic is often taken for a sports car. Powered by Honda's spirited 1488cc engine, with all the 1300 FE Hatchback refinements and then some. Like an upgraded interior, quartz digital clock, sporty wheel trim rings and a racy 4-spoke steering wheel. Designed for sportive road handling and fuel-efficient* fun.

Honda Civic 4-Door Sedan

A roomy, comfortable automobile that comes with practically everything. Yet goes on practically nothing.* Its smart interior environment features built-in rear seat headrests, handsome upholstery and rich carpeting throughout. You'll also appreciate this Civic for its spacious trunk, and smooth 5-speed transmission. Our 3-speed automatic is optional.

Honda Civic 4-Door Wagon

Built with front-wheel drive because wagons are meant to be pulled. And to help deliver the goods when it comes to engineering refinements, interior styling and practical fuel efficiency.* With a wide-opening liftgate and a generous flat, wide, carpeted loadspace. Front door window defrosters come standard. So do steel-belted radial tires.
